Connecting internet, telephone and TV

Your community is serviced by the Opticomm super-fast Fibre-to-the-Premises (FTTP) network

Opticomm helps create future-focused, connected buildings, communities and cities. The Opticomm FTTP network provides Australians with fast home internet, telephone, free-to-air and FOXTEL services - with no TV antennas or satellite dishes required.

Step one
Register your property with the Opticomm customer service team on **1300 137 800** or online at **www.opticomm.com.au**

Step three
An Opticomm technician will attend at the agreed time to complete the installation of the Opticomm network equipment

Step two
Once payment for the connection fee has been processed, an Opticomm customer service representative will contact you to schedule an appointment to complete your installation

Step four
Once the Opticomm network is installed, you can sign up for internet, phone and Pay TV by simply contacting one of the service providers shown on the flip side of this brochure or on the website at **www.opticomm.com.au**
