I/ We confirm the below:

- The survey pegs for the above lot are in place and are correctly located on the boundary line.
- The fence line area is clear and free of obstructions.
- Include the site plan (build plan) with this application.

NOTE: The fencing does not include any side returns to the home or provision of gates. You may elect to speak to the fencing contractor separately regarding these items.

ESTIMATED HANDOVER DATE _____

I/ We confirm the below:

- The above lot has been cleared and levelled to 30mm below kerbing, paving and hardstand.
- All rubbish and rubble has been removed from the site.
- 90mm PVC storm water pipe has been installed under the driveway approximately 300mm below the ground and 4m from the garage (note not applicable for rear laneway lots).
This is to run pipework and wiring for the reticulation under the driveway eliminating the need to pull up any paving and to avoid extra fees that may apply if this pipe is not installed.
- The driveway and/or pathways have been installed or will be installed prior to commencement of landscaping.
- The lot has a front tap for water connection (rear laneway lots only).
- Include the site plan (build plan) with this application.
- Provide a photo of the frontage of your home to confirm the above works have been finalised.
